

Himalayan Camp - I

MANALI

Manali is not for explanations, it should be experienced. With us, Manali becomes a Himalayan experience, to be remembered and cherished for a life time. The gurgling River Beas, the mighty snow clad mountains and symphony of the birds on the pine trees... the campsite itself is an amphitheatre. The campers would enjoy staying in the tents at heights of 6000 feet at base camp at Manali and 10000 feet at top camp at Gulaba.

Regular camp for the adventure lovers

Base camp at 6700 feet with activities like rock climbing, rappelling, teroleen traverse, trekking to Jogini falls, Manu temple, Hadimba temple, Manali village and more. Top camp at 10000 feet with snow crafting, mini expedition to Brighu Lake at 14500 feet – half of Everest- ... you cannot ask for more.
